- Each player's army will be **1250pts using Chapter Approved** army composition rules. Each player's army will be considered an **Incursion sized force** for the purpose of any rules that check battle size (i.e. allies, & army rules). The only exception will be removal of Titanic Character limitation for Imperial Knights and Chaos Knights armies only.
- A team is able to play the same army and these shared army rules and effects can be seen on this:
- https://assets.warhammer-community.com/eng_wh40k_doubles_event_companion-x8bakj0hba-chdctfbcoc.pdf
- No more than one of the same epic hero may be used per team (i.e. no doubling up on Rotigus by taking Chaos Daemons and Death Guard on the same team).
- Teams generate and use command point as if they were one singular army.
- The disposition for your team you select based the ones available from either player's list.
- Players only benefit from the rules, abilities, stratagems etc. from their own army list.
